

ALBION

**Health &
Safety Policy**

It's all at Albion

Albion Valves (UK) Ltd recognises that its activities have Health and Safety implications, which can be potentially detrimental or beneficial. The company also recognises that effective management of Health and Safety makes good business sense and will be a fundamental and integral part of our business strategy.

Albion Valves (UK) Ltd is therefore committed to:

Being aware of how our activities impact on the Health and Safety of our key stakeholders and partners and seeking to minimise any adverse effects by employing best available, cost-effective techniques, as well as through a policy of continuous improvement. Further, Albion Valves (UK) Ltd is committed to providing safe and healthy working conditions for the prevention of work-related injury and ill health whilst ensuring compliance with all legal and statutory obligations.

These aims will be met by implementing and maintaining a Health and Safety Management System that will include:

- Assigning clear management responsibilities.
- Planning safety activities and setting clear objectives for improving Health and Safety performance.
- Eliminating or reducing risks by use of hierarchical control measures.
- Identifying hazards associated with activities undertaken and ensuring that these risks are minimised as far as is reasonably practicable.
- Being sensitive to the Health and Safety concerns of our neighbours and communities through which we operate and responding to any issues or concerns raised.
- Adopting Health and Safety objectives to continually improve our Health and Safety performance and monitor progress.
- Ensuring that suitably competent persons are responsible for the day-to-day management of the Health and Safety Management System.
- Communicating this policy to all our staff, suppliers and customers and ensuring it is implemented.
- Ensuring all our staff receive adequate information, instruction and training to ensure they act with due consideration for the Health and Safety of themselves and others.
- Reviewing the policy annually or whenever necessary to comply with changes in legislation or company policy.
- Regularly monitoring the effectiveness of the Health and Safety Management System and allowing for provisions for any continuous improvements of the Health and Safety Management System to be implemented.

Albion Valves (UK) Ltd's Health and Safety Management System is externally audited by United Registrar of Systems Ltd and has been certified as meeting the requirements of ISO 45001:2015 for Health and Safety Management Systems.

This policy is approved by Albion Valves (UK) Ltd's Board of Directors.

About Albion Valves (UK) Limited

Albion Valves (UK) Limited has been in the industrial heating and valve market for over 40 years, with this comes a wealth of knowledge and expertise that allows us to support our network of independent distributors and their customers.

Albion aims to supply a readily available, complete, quality valve solution alongside excellent cradle-to-grave support and service.

That is why we say, 'It's all at Albion'.

Quality

Whatever you need, you can rest assured that if it comes from Albion it has been designed and manufactured to deliver optimum performance and is accredited with the necessary approvals. Our in-house quality and technical departments are always on hand too!

Service

Our cradle-to-grave approach means you will never be on your own. Whether you need assistance with your system designs, an industry-leading turnaround time on your quote, or some help with commissioning after installation, we have a team to help!

Delivery

We know that time is money, and when a priority project depends on a part, you can trust Albion to deliver. We deliver 95% of products the next day with 99.98% accuracy!

Choice

We may have started with a single brass ball valve, but our range has grown substantially since and we can now offer a full building services valve solution, alongside a comprehensive range of valves for the industrial and process markets.

It is becoming more and more apparent to the industry, that it really is, all at Albion.
